Dear Bruce,

The City has formed a special improvement district on Hemlock (Pumpkin Ridge Road). The County road department has completed chip-sealing the road surface and the City has been billed for the work by Union County Public Works.

Boise Cascade has generously offered to contribute \$2,333 for this work. The City hereby requests your contribution at your convenience. We furthermore wish to thank you for your cooperation in making this project a reality.

Sincerely,

Joe Garlitz,
Recorder/Administrator
